## **This is where we go waaaaay beyond what's possible with traditional mindset work.**

Because even though you look like you're doing great, with a fast-growing business that has you doing what you love and transforming people's lives

**YOU know there's a next level you're not accessing.**

And even though you've thrown a lot of conscious thought and willpower at trying to reach it...

... the reality is that there's still some internal programming that needs an upgrade, and that's not something you can do with perspective shifts alone.

## **DID YOU KNOW...?**

>>>> 95% of your thoughts are in your subconscious.

And that 95% is your autopilot.

Most likely not programmed by you, but by your family, community, and /or society, as you were growing up and growing into who you are now.

Most people go through their lives never tweaking or rewriting this programming, but you absolutely can shift and upgrade it.

That's what this Subconscious Rewiring Intensive with ME will have you do.

So that your entire subconscious can beautifully support and guide you as you glide towards the next-level success you're meant for.

# WANT TO REWIRE YOUR INTERNAL PROGRAMMING

So that your mind, body, nervous system, AND subconscious are all totally on board (and actively working to help you attract and enjoy!) things like..

- **An income level that ticks up quicker than you ever thought possible?**
- **Magnetizing your perfect clients to your programs?**
- **Launches that feel so fun, invigorating, AND make bank?**
- **Oozing energy and confidence while leading your team with ease?**
- **Having time and energy left over for dinners out or sexy nights in all while your business makes exponential growth?**

**I've created my highest ever income months (with sooo much ease, may I add!) with the help of her magical insights and strategies!**

**There's nobody who blends science, psychological expertise, mind-body awareness AND powerful energetic and spiritual work like Samantha!**

Samantha is a true expert when it comes to uncovering the (many!) ways that you don't even realize you're limiting your own success — and for setting you free from them.

She has a gift for shining a light on the inherited stories that you've unquestioningly accepted up until now about what you can and can't achieve. I didn't even notice that I was limiting myself in ways until she brought it to my attention! It was a lightbulb moment.

And she didn't just help me see where I was holding myself back, she also taught me tools and practices so that I could stop doing that and shift my mindset to create success in ways I hadn't thought were possible before. She's the real deal!

**Let's activate and lock in your personal access to abundance... and fire up your ability to easily attract and achieve exactly what you want in your life and business.**

(Not what *other people* told you could have way back when... and that your subconscious accepted as the truth!)

Because once we rewire your subconscious for exactly what you want, it's like your nervous system is lounging on the beach, sipping some La-Croix and saying, "*Okay, let's do this. Let's make this happen*".

And at this point all internal resistance fades away and you can be magnetic - literally a magnet - for the things you most want!

**Oh, and in case you're wondering if this is some weird voodoo hocus pocus → this is scientifically backed (by Stanford & Harvard to name a few)**

You've read all the books: Think and Grow Rich, Joe Dispenza's work, Atomic Habits, and on and on.

You already know the power of the mind.

This is simply about amplifying that power by directly harnessing your *subconscious mind* (and the mind-body nervous system that it holds sway over) in everything you're doing and working towards.

**Samantha helped me expand in ways I hadn't considered. I'm having my best launch ever at \$300K+ (not done yet!) and have never felt more at ease filling my program.**

On my way to 7-figures, I've got the strategy down but I had blind spots. Samantha was able to spot quickly and help me shift from the very first session!

From little things like putting myself on the calendar first to deeper issues that are helping me expand my business. Even my husband checks in with me on the "Dr. Hiotakis' list because he's seen how effortless this launch has felt and wants to keep that magic alive!

## **HERE'S HOW IT WORKS**

### **Call #1 (90 minutes)**

We assess that one burning thing you want to access (more money, more time, more joy in your business, leading your team with more confidence, entering into launches with joy and excitement...you name it!)

And if you're not sure what's holding you back from the success you want ... I've got you covered. This is where my magic comes in and I see what you can't.

### **Call #2 (2 hours)**

We have your Subconscious rewiring session where we clear out what no longer serves you and add in exactly what you want. So simple. So powerful.

Immediately after our call you're already changing and shifting to attract what you want.

To solidify this into your mind, body and nervous system you'll then receive a 15 minute MP3 audio to listen to once a day for 21 days.

## **Bonus: MP3 Audio Curation and Customization**

This isn't some one-size-fits-all audio. I'll be curating and customizing your audio so that it's based on YOUR OWN language and the way you talk about your desires, so that your brain, body & nervous system recognizes your new autopilot success story as familiar and says "hmmm sounds great...I'm in!"

(This is a huge part of why MY subconscious rewiring sessions clients get results so quickly!)

## **Bonus: Voxer Access**

I won't leave you hanging between calls. You'll get voxer access to me between calls so you can check in with any questions and I can also check in with you to make sure I'm designing the perfect subconscious rewiring session for you. Can you say luxurious!

## **Investment \$1500**

*Flexible Payments Options Available*

**YES YES YES! I WANT THIS!**

### **Working with Dr. Hiotakis was TRANSFORMATIONAL both professionally & personally!**

Dr. Hiotakis helped me identify mindset behaviors and patterns that were negatively impacting my happiness and financial goals and gave me tools I could implement IMMEDIATELY. Her advice and insights were invaluable. I now have more energy and fire than ever before!

You will not find a more professional, focused and compassionate person in this industry.

I apply my curated system of classic behavior psychology, neuropsychology, mind-body connection, manifesting and human design to help clients grow and scale their businesses for exponential success from the inside out.

## AND HERE'S MY SPECIAL MESSAGE TO YOU -

And I know that this process of subconscious rewiring can hold **the key to jumpstarting and magnetizing your entire being** so that *you literally turn yourself into a magnet* for whatever it is you want, and achieving it feels so much easier and fun.

LIKE THESE AMAZING CEOS BEFORE YOU...

**Whatever her magic (mind, body, quantum physics!), Dr. Hiotakis is one of those rare people who has the emotional intelligence to tune into what you need to hear to come off that ledge, and embrace the art of “protecting the asset” (AKA, you) so you can continue to scale.**

Samantha is an incredible asset to anyone who's lucky enough to work with her and have her on their side. Her work was extremely curated and holistic.

She cuts through the surface, as you would expect from a psychologist with close to two decades of experience, and gets you to prioritize what you need to lead and THRIVE.

As a 7 figure business owner who has a young family, her signature approach of incorporating the mind, body, and quantum physics put her in a class of her own.

In addition to her extreme breadth and depth of knowledge, Samantha exhibits an intuitive understanding and can very quickly see right through the surface level muck and help her clients get right down to what they need to do.

## FAQ

### **I'm super busy! Can I fit this into my schedule?**

Yes! This is specifically designed for busy people. My clients are multiple 6 & 7 figure business owners who do not have much time but still need resets on various things in their business and life.

### **When do I listen to the 15 minute audio?**

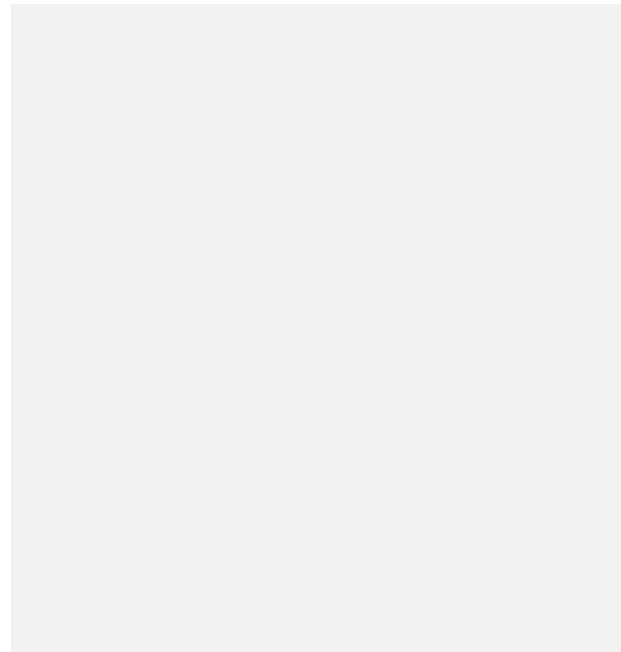

Completely your choice - you can listen to it during the day, or just put the recording on right before bed, and then at the end you will just fall asleep into the most beautiful and healing sleep.

### **Is there homework or are there questionnaires I have to fill out beforehand?**

Nope! Just get excited for what you're about to co-create!

### **Outside of the two calls, do I get access to you?**

Absolutely!! You get Voxer access in between calls so I can fine-tune your specific language and make sure your subconscious rewiring audio is exactly what you need.

### **How do you rewire my subconscious?**

In addition to being a doctoral level psychologist I am further trained and certified in Rapid Transformational Therapy® (RTT®) . RTT® is the award-winning therapy developed by Marisa Peer that combines the most beneficial hypnotherapy, psychotherapy, NLP, CBT, and neuroscience principles. RTT® continues to grow in global recognition and has proven to be one of the most effective therapies available for achieving fast and permanent results.

Rapid Transformational Therapy® (RTT®) offers unparalleled results by harnessing the most powerful healing potential on the planet—the mind. It goes beyond hypnotherapy training to provide a complete solution-based approach to achieving fast results that last.

### **What will hypnosis feel like?**

The best way to describe it is a complete state of relaxation very zen-like. You're always in control, we'll be talking and your mind will not accept anything you don't want. Absolutely nothing embarrassing will happen. Hypnosis is research based and backed by science (Stanford, Harvard).

Another way to think about hypnosis is your nervous system feels so relaxed, like spending a beautiful day at the beach. And because it's so relaxed it just allows the information we are wiring in to take hold because it feels so SAFE!

### **What if I'm not totally sure what the block is that I want to dissolve / subconscious programming I need to rewrite?**

This is so common... I'll just say it, let me do my job → this is why you're hiring me! I have over 17 years and 33,000 hours of experience as a psychologist...I'll uncover exactly what we need to address to get you the success you want!
